

## SONDA Forward Looking Statements

---

SONDA Day's presentations contain forward-looking statements, that should be considered as good faith estimates. Such statements are subject to risks and uncertainties outside of SONDA control that could cause SONDA actual results to differ materially from those set forth in the forward-looking statements. These risks factors include but are not limited to those described in the Annual Report 2017 ("Reporte Integrado 2017") and in SONDA Financial Statements, Note 36 ("Análisis de Riesgos"). Forward looking statements speak only as of the date they are delivered, SONDA undertake no obligation to publicly update or revise them considering developments which differ from those anticipated.
